Hanoi, Vietnam (4-6 December 2017)

IETEC Series

The International Engineering and Technology Education Conference (IETEC) is a series of conferences initiated and coordinated by a team of engineering and technology educators from around the globe, which has now transformed to an open, collegial and supportive working group (http://ietec.apaqa.org/). The IETEC features significant keynote addresses, plenary presentation sessions, interactive workshops, a panel discussion, exhibition stalls and opportunities for international collaborations. The IETEC provides opportunities and forum for engineering and technology educators to discuss important issues and develop strategies to foster engineering and technology education. The inaugural IETEC (IETEC'11) was successfully organised and staged at Taylor's University, Kuala Lumpur, Malaysia in January 2011 with collaboration between Central Queensland University, Australia and three Malaysian universities, i.e. Taylor's University, Universiti Teknologi Malaysia (UTM) and Universiti Tun Hussein Onn (UTHM) Malaysia.

IETEC'17

IETEC'17 is the fourth conference in the IETEC series and will be held in beautiful Hanoi, Vietnam, between 4-6 December 2017. IETEC'17 brings together a wide range of engineering and technology education stakeholders from around the globe to explore the building of new capacities in engineering and technology education that are essential in creating environmentally and socially sustainable 21st century economies. The conference will be hosted and staged at the Hanoi University of Science and technology (HUST), Hanoi in Vietnam. IETEC'17 is supported by Ministry of Education and Training (MOET), Vietnam; HCMC University of Technology and Education, Vietnam and Deakin University, Australia.
